More research saves lives!

Your contribution makes it possible for us to finance important cancer research. Every cent goes towards ovarian cancer research, with the goal of finding better treatment- and screening methods. Thereby reducing the number of women affected and helping them survive.

Thank you!

Lena Wäpplings Stiftelse

Lena Wäppling's Foundation
Improving women's health

Lena Wäppling's Foundation is unique with its focus on financing ovarian cancer research. In 2020, the foundation awarded research grants of 0.5 million Swedish krona. The founder, Lena Wäppling, is an ovarian cancer survivor who wants to increase awareness of gynecological cancer and make sure women's health gets more focus and attention.
